

- 1 b** If you immediately come to a stop you will cause a crash.
Do NOT follow closely behind.
- 2 c** Whatever you do must be SAFE.
Do not do anything that is dangerous, not even to let an emergency vehicle pass.
- 3 c** Always SIGNAL when moving out of the way.
There may be more emergency vehicles following behind, so look carefully before moving back into your original lane.
- 4 c**
- 5 b**
- 6 c** Emergency vehicles with flashing red or red & blue lights are allowed to go through a red light if it is safe – we are not.
Even if you have a green light, stop to let the emergency vehicles pass if safe to do so.
